Technical Responsibilities: The court does not provide technical assistance for testing or troubleshooting. In addition, the court does not provide time during court proceedings to troubleshoot issues. It is your responsibility to insure that your connection works, before your court date.

Testing Windows, Apple, or Android devices: Directions for testing your device and networking prior to the proceeding can be found at <https://support.zoom.us/hc/en-us/articles/201362313-How-Do-I-Test-My-Video>

Technical Support: The court uses Zoom meeting services for the Virtual Courtroom Experience. If you are having TECHNICAL issues with your equipment you should review Zoom training and support materials at Zoom.us.

Please understand Zoom is an independent service provider and will have NO knowledge of your court case or legal issues.

Local Court Policy:

- The call is a court proceeding and therefore an extension of the courtroom. Appropriate conduct and attire is required.
- Remote participants should use a good WiFi connection or a substantial LTE mobile data plan to ensure a quality connection. (Note: mobile data use may incur substantial cellular carrier charges which are the responsibility of the remote participant.)
- Remote participants must use a private and quiet room that will be free of interruptions (outdoors, car, or public places are not permitted). Also, video meetings need good, consistent lighting. Avoid rooms with bright light and/or back-lighting.
- Remote participants must place their mobile devices on a solid surface with the camera at eye level. Do not hand-hold mobile devices and do not lay phones or tablets flat on a desk or tabletop!
- Remote participants should take time prior to the call to become familiar with the controls. Test the mic and speaker controls.
- If the court determines the quality of the video experience is not acceptable, it has the right to terminate the call.
- The judge has full power over remote participants as if they were present in the physical courtroom.
